oral surgery
oral medicine
oral pathology

With sections on endodontics, dental radiology, *and* dental research

EDITOR-IN-CHIEF

ROBERT B. SHIRA, *D.D.S.*
Boston, Mass.

SECTION EDITORS

oral surgery	Robert B. Shira, D.D.S. *Boston*
oral medicine	Alvin Morris, D.D.S., Ph.D. *Lexington, Ky.*
oral pathology	Charles A. Waldron, D.D.S., M.S.D. *Atlanta* *American Academy of Oral Pathology*
endodontics	Worth B. Gregory, D.D.S., M.S.D. *San Diego* *American Association of Endodontists*
dental radiology	Lincoln R. Manson-Hing, D.M.D., M.S. *Birmingham, Ala.* *American Academy of Dental Radiology*
dental research	Brig. Gen. S. N. Bhaskar, DC, USA, B.D.S., D.D.S., M.S., Ph.D. *Washington, D. C.*

EDITORIAL BOARD

Joseph L. Bernier, *Washington, D. C.*
Lester R. Cahn, *New York*
J. B. Freedland, *Charlotte*
Henry M. Goldman, *Boston*
Edward C. Hinds, *Houston*
Daniel J. Holland, *Boston*
Donald A. Kerr, *Ann Arbor*
Gustav O. Kruger, *Washington, D. C.*
R. Quentin Royer, *Long Beach*

EDITOR EMERITUS

Kurt H. Thoma, *Boston*

CONSULTANTS

New England Society of Oral Surgeons, Irving Meyer
Southern California Academy of Oral Pathology, James B. Taylor
New York Institute of Clinical Oral Pathology, Herbert I. Calman
American Institute of Oral Biology, Arthur L. Jensen

YOUNG, LOUIS L., DOLAN, C. TERRENCE, SHERIDAN, PHILLIP J., AND REEVE, CHARLES M. Oral manifestations of histoplasmosis, 191

—. (*See* FRANTZIS, SHERIDAN, REEVE, AND YOUNG), 186

Z

ZACH, LEO. Pulp lability and repair; effect of restorative procedures, 111

ZACHRISSON, B. U. (*See* STENVIK, ZACHRISSON, AND SVATUN), 841

Subject index

A

Abbreviated case report; histochemical detection of lead (Heyden, Helldén, and Arwill), 582
hydatid cyst in tongue (Perl, Perl, and Goldberg), 579
Abscess, "phantom," 1018 (Roentgeno-oddities)
Acetylsalicylic acid, topically applied, histologic effect on bone healing in rats (Carroll and Melfi), 728
Acid mucopolysaccharide(s), histochemical studies (Fullmer), 976
metabolism in connective tissues (Goggins), 824
Actinomycosis, cervicofacial; obstructive and inflammatory diseases of major salivary glands (Epker), 23
effect of systemic diseases on human pulp (Stanley), 615
Allergy in surface lesions of oral mucosa (Rickles), 744
Alpha-chymotrypsin, effect on wound healing in hamsters (Baum et al.), 484
Amalgam, foreign-body reaction to, asteroid bodies in (Simon, Buchner, and Bubis), 772
Ameloblastoma; odontogenic tumors in mammals and fish (Gorlin), 86
Amelogenesis imperfecta, hereditary hypocalcified (Chabora et al.), 922
American Academy of Oral Medicine, 686
American Academy of Oral Pathology, 323, 497, 685 (Announcements)
new members of council, 59
officers, 58
proceedings of annual meeting, 56
American Analgesia Society, 1038 (Announcement)
American Board of Oral Pathology, 1038 (Announcement)
American Institute of Oral Biology, 1038 (Announcement)
Anachoresis; effect of systemic diseases on human pulp (Stanley), 611
Anesthetic(s), local, injections preceded by aspiration, clinical observations on effects (Bartlett), 520
topical and/or local, syringe-loaded gun for administration, clinical evaluation (Arefian, Henry, and Whitehurst), 168
Animal-scratch disease; obstructive and inflammatory diseases of major salivary glands (Epker), 18
Ankylosis of temporomandibular joint (El-Mofty), 650
Announcements, 159, 323, 497, 685, 872, 1038
Aphthae, recurrent; oral ulceration (Cawson), 914
Aphthous lesions (Stanley), 407
ulcerations, recurrent, epidemiologic aspects (Ship), 400
Argentinian Odontologic Association, 497 (Announcement)
Arteriovenous malformations of the anterior mandibular gingiva (Danielson et al.), 179
Arthroplasty, temporomandibular Teflon implantation in (Cook), 706
Aspergillus infection; effect of systemic diseases on human pulp (Stanley), 616
Association of American Women Dentists, 872 (Announcement)
Asteroid bodies in foreign-body reaction to amalgam (Simon, Buchner, and Bubis), 772

B

Bactericidal efficiency of intracanal medications (Treanor and Goldman), 791
Biodegradable polylactic acid, use in repair of fractures of orbital floor (Cutright and Hunsuck), 28
Biology of human dental pulp, conference on, 111, 263, 458, 606, 810, 976
Blood clot, induced, use in induced apical closure of immature pulpless teeth in monkeys (Ham, Patterson, and Mitchell), 438
Bone alteration; roentgenographically abnormal temporomandibular joint (Clark, Mayne, and Gibilisco), 839
healing, histologic effect of topically applied acetylsalicylic acid on, in rats (Carroll and Melfi), 728
induction in experimental periodontal bony defects in dogs with decalcified allogeneic bone matrix grafts (Narang and Wells), 306
marrow, ultrastructure prior to and after programmed freezing (Barkin and Newman), 341
matrix grafts, decalcified allogeneic, bone induction in experimental periodontal bony defects in dogs with (Narang and Wells), 306
reaction to tricalcium phosphate ceramic pellets (Cutright et al.), 850

January, pp. 1-160; February, pp. 161-324; March, pp. 325-498; April, pp. 499-686; May, pp. 687-872; June, pp. 873-1054.

Bony defects, periodontal, in dogs, experimental, bone induction with decalcified allogeneic bone matrix grafts (Narang and Wells), 306
erosion of palate, 302 (Roentgeno-oddities)
Book reviews, 158, 496, 684, 1037
Boston University School of Graduate Dentistry, 159 (Announcement)
British Dental Association, 872 (Announcement)
Bullet crown, 1019 (Roentgeno-oddities)

C

Calcification of dentinal papilla and/or dentinal dysplasia (Petersson), 1014
Calcinosis; effect of systemic diseases on human pulp (Stanley), 627
Calcium hydroxide-containing materials, pulp reactions (Tronstad and Mjör), 961
paste, use in induced apical closure of immature pulpless teeth in monkeys (Ham, Patterson, and Mitchell), 438
Cancer detection; oral exfoliative study (Folsom et al.), 61
Carcinoma developed from leukoplakia, radiotherapy (Fuchihata and Campos), 137
hepatocellular, diagnosed following metastasis to mandible (Yacabucci, Mainous, and Kramer), 888
Caries profunda and "indirect pulp capping," 788 (Editorial)
Cements, new polycarboxylate, histopathologic evaluation of effects on monkey pulps (Safer, Avery, and Cox), 966
Ceramic pellets, tricalcium phosphate, reaction of bone to (Cutright et al.), 850
Chicago Periodontal Research Study Club, 323 (Announcement)
Cleft palate, association with Klippel-Feil syndrome (Stadnicki and Rassumowski), 335
uvula; minor orofacial abnormalities in Eskimo population (Jarvis and Gorlin), 423
Cleft Palate Center, Montefiore Hospital and Medical Center, 497 (Announcement)
Cleidocranial dysostosis, multiple impacted teeth in, 669 (Roentgeno-oddities)
Collagen diseases; oral ulceration (Cawson), 918
Compression intraosseous fixation device in mandibular fractures (Boyne and Morgan), 696
Condylar hyperplasia, laterognathism, supraclusion, and facial asymmetry from (Graziani), 884
Condylectomy, mandibular, late effects (Poswillo), 500
Conference on Biology of Human Dental Pulp, 111, 263, 458, 606, 810, 976
Connecticut Society of Oral Surgeons symposium, 498 (Announcement)
Connective tissues, acid mucopolysaccharide metabolism in (Goggins), 824
Coolidge, Edgar D., Endodontic Study Club, 872 (Announcement)
Cortril; reaction of dog pulp and periapical tissue to two glucocorticosteroid preparations (Barker and Lockett), 249
Cresatin; antibacterial efficacy and cytoxicity of three endodontic drugs (Vander Wall, Dowson, and Shipman), 230
Crohn's disease of mouth (Varley), 570
Crown, bullet, 1019 (Roentgeno-oddities)
full, preparation debris, quantitative study (Madden and Khera), 490
Cysts, dentigerous, of mandible in baboon (Manning), 428
hydatid, in tongue; abbreviated case report (Perl, Perl, and Goldberg), 579
jaw, odontogenic tumors, and allied lesions, histologic typing, 1037 (B. rev.)
Cytology; oral exfoliative study (Folsom et al.), 61
Cytomegalic inclusion disease; obstructive and inflammatory diseases of major salivary glands (Epker), 20

D

Dental aerosol cloud; quantitative study of full crown preparation debris (Madden and Khera), 490
destruction, drug-related (Bahn), 49
disease in narcotic addict (Colon), 905
involvement in histiocytosis (Sigala et al.), 42
manifestations of autosomal recessive hypohidrotic ectodermal dysplasia (Bartlett, Eversole, and Adkins), 736
prognosis for xeroradiography (Rawls and Owen), 476
radiology, 129, 283, 475, 649, 835, 1001
specialty of, needed (Alcox et al.), 130
research, 145, 305, 483, 671, 849, 1021
Dental Guidance Council for Cerebral Palsy, 498 (Announcement)
Dentinal dysplasia and/or calcification of dentinal papilla (Petersson), 1014
electron optic analysis and explanation for etiology (Sauk et al.), 763
papilla, calcification of, dentinal dysplasia and/or (Petersson), 1014
Dentine, human coronal: structure and reactions (Mjör), 810
Dentistry and geriatric patient, symposium, 685 (Announcement)
outpatient sedation in, clinical evaluation of Innovar and Innostat (Bennett and Monheim), 688
Dentition, temporomandibular joint morphology and its relationship to (Taylor et al.), 1002
Diabetes and myopathy, steroid-induced (Mason), 533
streptozotocin-induced, effect on healing of artificially produced tongue wounds in rats (Abbey, Cohen, and Shklar), 672
Diet and periodontal patient, 684 (B. rev.)

Doppler ultrasonic flowmeter for delineation of lesions; arteriovenous malformations of anterior mandibular gingiva (Danielson et al.), 179
Dressings, effect of two, on flora of periodontal surgical wounds (Heaney, Melville, and Oliver), 146
Drug(s); dental disease in narcotic addict (Colon), 905
endodontic, antibacterial efficacy and cytotoxicity of three (Vander Wall, Dowson, and Shipman), 230
oral ulceration due to (Cawson), 919
-related dental destruction (Bahn), 49
Dysostosis, cleidocranial, multiple impacted teeth in, 669 (Roentgeno-oddities)
Dysplasia, dentinal, and/or calcification of dentinal papilla (Petersson), 1014
electron optic analysis and explanation for etiology (Sauk et al.), 763
ectodermal, autosomal recessive hypohidrotic: dental manifestations (Bartlett, Eversole, and Adkins), 736
epithelial, histologic, observations on clinical characteristics of oral lesions showing (Mincer, Coleman, and Hopkins), 389

E

Eagle's syndrome necessitating bilateral styloid amputation (Marano, Fenster, and Gosselin), 874
Ectodermal dysplasia, autosomal recessive hypohidrotic: dental manifestations (Bartlett, Eversole, and Adkins), 736
Electron microscope, scanning, examination of silver cones removed from endodontically treated teeth (Seltzer et al.), 589
microscopy and histochemistry of pemphigus and pemphigoid (Hashimoto), 206
optic analysis and explanation for etiology of dentinal dysplasia (Sauk et al.), 763
Endodontic drugs, antibacterial efficacy and cytotoxicity of three (Vander Wall, Dowson, and Shipman), 230
posts, stress distribution by, analysis (Standlee et al.), 952
success—who's reading radiographs? (Goldman, Pearson, and Darzenta), 432
therapy, scar tissue associated with apices of pulpless teeth prior to (Patterson and Hillis), 450
Endodontics, 91, 229, 431, 585, 787, 951
speedy radiodontics in (Metrick), 586
Enzyme histochemistry of isoproterenol-induced salivary gland hyperplasia (Tomich and Eversole), 857
Epithelial dysplasia, histologic, observations on clinical characteristics of oral lesions showing (Mincer, Coleman, and Hopkins), 389
hyperplasia, focal (Hanks, Fischman, and Guzman), 934
Epithelial—Cont'd
in chimpanzee (Hollander and van Noord), 220
in Eskimo population (Jarvis and Gorlin), 227
Erythema multiforme; oral ulceration (Cawson), 916
Eskimo population, focal epithelial hyperplasia in (Jarvis and Gorlin), 227
minor orofacial abnormalities (Jarvis and Gorlin), 417
Extraction(s), complication after, in patient with advanced Paget's disease (Ripp), 35
wound healing, effect of orally administered zinc sulfate in hamsters (McCray, Higa, and Soni), 314

F

Face in genetic disorders, 158 (B. rev.)
Facial asymmetry, laterognathism, and supraclusion from condylar hyperplasia (Graziani), 884
Fairliegh Dickinson University, 686 (Announcement)
Fibroma, ameloblastic (Trodahl), 547
recurrent (Tanaka et al.), 944
Fibrosarcoma, ameloblastic, of jaws (Leider, Nelson, and Trodahl), 559
Fixation device, compression intraosseous, in mandibular fractures (Boyne and Morgan), 696
Flowmeter, Doppler ultrasonic, for delineation of lesions; arteriovenous malformations of anterior mandibular gingiva (Danielson et al.), 179
Flying Dentists Association, 872 (Announcement)
Formocresol; antibacterial efficacy and cytotoxicity of three endodontic drugs (Vander Wall, Dowson, and Shipman), 230
Fracture(s), mandibular, compression intraosseous fixation device (Boyne and Morgan), 696
of mandible in 5-month-old infant (Ellis and Mason), 348
of orbital floor, repair using biodegradable polylactic acid (Cutright and Hunsuck), 28
Freezing, programmed, ultrastructure of bone marrow prior to and after (Barkin and Newman), 341

G

Genetic disorders, face in, 158 (B. rev.)
Geriatric patient, dentistry and, symposium, 685 (Announcement)
Giant-cell lesions, ultrastructure (Adkins, Martinez, and Romaniuk), 775
Gingiva, anterior mandibular, arteriovenous malformations (Danielson et al.), 179
Glucocorticosteroid preparations, two, reaction of dog pulp and periapical tissue (Barker and Lockett), 249

Grafts, decalcified allogeneic bone matrix, bone induction in experimental periodontal bony defects in dogs with (Narang and Wells), 306
Granulomas, peripheral giant-cell, mononuclear cells in; ultrastructure of giant-cell lesions (Adkins, Martinez, and Romaniuk), 775

H

Hand cleansing, presurgical, new method (Cutright et al.), 162
foot, and mouth disease; oral ulceration (Cawson), 913
Hand-Schüller-Christian disease; effect of systemic diseases on human pulp (Stanley), 631
Hemochromatosis, oral manifestations (Frantzis et al.), 186
Hepatitis, lupoid, oral manifestations (Berdon and Girasole), 900
Hepatocellular carcinoma, diagnosed following metastasis to mandible (Yacabucci, Mainous, and Kramer), 888
Histiocytosis, dental involvement (Sigala et al.), 42
Histoplasmosis, oral manifestations (Young et al.), 191
Hydatid cyst in tongue; abbreviated case report (Perl, Perl, and Goldberg), 579
Hyperplasia, condylar, laterognathism, supraclusion, and facial asymmetry from (Graziani), 884
focal epithelial (Hanks, Fischman, and Guzman), 934
in chimpanzee (Hollander and van Noord), 220
in Eskimo population (Jarvis and Gorlin), 227
salivary gland, isoproterenol-induced, enzyme histochemistry (Tomich and Eversole), 857
Hypodontia and taurodontism in siblings (Stenvik, Zachrisson, and Svatun), 841
Hypohidrotic ectodermal dysplasia, autosomal recessive: dental manifestations (Bartlett, Eversole, and Adkins), 736

I

Immunofluorescence, role in diagnosis of oral vesiculobullous disorders (Hasler), 362
Immunologic aspects of recurrent oral ulcers (Lehner), 80
Implant, tooth replica polymer, totally self-supporting (Hodosh, Shklar, and Povar), 1022
Incisors, shovel-shaped; minor orofacial abnormalities in Eskimo population (Jarvis and Gorlin), 421
Innostat and Innovar for outpatient sedation in dentistry, clinical evaluation (Bennett and Monheim), 688
Internal resorption (Rabinowitch), 263
Internal—Cont'd
idiopathic (Mount), 801
International Society on Thrombosis and Haemostasis, 159 (Announcement)
Intracanal medications, bactericidal efficiency (Treanor and Goldman), 791
Isoproterenol-induced salivary gland hyperplasia, enzyme histochemistry (Tomich and Eversole), 857

J

Jaws, ameloblastic fibrosarcoma (Leider, Nelson, and Trodahl), 559
Jet gun, syringe-loaded, for administration of topical and/or local anesthetic, clinical evaluation (Arefian, Henry, and Whitehurst), 168

K

Keratocyst, odontogenic, clinical and histopathologic parameters (Payne), 538
of maxilla, 303 (Roentgeno-oddities)
Klippel-Feil syndrome, association of cleft palate with (Stadnicki and Rassumowski), 335

L

Laterognathism, supraclusion, and facial asymmetry from condylar hyperplasia (Graziani), 884
Lavage, high-pressure jet; new method of presurgical hand cleansing (Cutright et al.), 162
water, effect on removal of tissue fragments from crush wounds (Grower et al.), 1031
Lead, histochemical detection; abbreviated case report (Heyden, Helldén, and Arwill), 582
Ledermix; reaction of dog pulp and periapical tissue to two glucocorticosteroid preparations (Barker and Lockett), 249
Leprosy; effect of systemic diseases on human pulp (Stanley), 613
Leukodystrophy, metachromatic; effect of systemic diseases on human pulp (Stanley), 633
Leukoplakia, carcinoma developed from, radiotherapy (Fuchihata and Campos), 137
Lichen planus as oral ulcerative disease (Shklar), 376
oral ulceration (Cawson), 915
Lip pits, commissural; minor orofacial abnormalities in Eskimo population (Jarvis and Gorlin), 421
Lipoid proteinosis, oral manifestations (Simpson), 528
Long Island Jewish Medical Center, 160 (Announcement)
Louisiana State University, 498 (Announcement)
Lymphadenitis, nonbacterial regional (animal-scratch disease); obstructive and inflammatory diseases of major salivary glands (Epker), 18

Lymphoma, Burkitt's; effect of systemic diseases on human pulp (Stanley), 622
Lymphosarcoma, lymphoblastic (Parks and Bottomley), 297

M

Malformations, arteriovenous, of anterior mandibular gingiva (Danielson et al.), 179
Malocclusion; roentgenographically abnormal temporomandibular joint (Clark, Mayne, and Gibilisco), 839
Mandible, dentigerous cysts of, in baboon (Manning), 428
deformities, neurofibromatosis with (Rittersma, ten Kate, and Westerink), 718
fractures, compression intraosseous fixation device (Boyne and Morgan), 696
in 5-month-old infant (Ellis and Mason), 348
late effects of condylectomy (Poswillo), 500
metastasis of hepatocellular carcinoma to (Yacabucci, Mainous, and Kramer), 888
reconstruction, custom fabrication for (Leake et al.), 879
Maxilla, keratocyst, 303 (Roentgeno-oddities)
necrosis of anterior, following osteotomy (Parnes and Becker), 326
Medications, intracanal, bactericidal efficiency (Treanor and Goldman), 791
Molar(s), impacted mandibular first, 847 (Roentgeno-oddities)
maxillary first, vital root resection (Haskell and Stanley), 92
supernumerary, 846 (Roentgeno-oddities)
third molar resorption with, 670 (Roentgeno-oddities)
Montefiore Hospital and Medical Center, Cleft Palate Center, 497 (Announcement)
Mouth, Crohn's disease (Varley), 570
Mucous membrane pemphigoid, benign (McCarthy), 75
Mucus plugs; obstructive and inflammatory diseases of major salivary glands (Epker), 8
Mumps; obstructive and inflammatory diseases of major salivary glands (Epker), 12
Myopathy and diabetes, steroid-induced (Mason), 533

N

Narcotics. (*See* Drugs)
Nasopharynx, removal of large shell fragment from (Awty), 513
Naval Hospital, Boston, 323 (Announcement)
Necrosis of anterior maxilla following osteotomy (Parnes and Becker), 326
Nerve and vascular changes associated with healing of human pulp (Bernick), 983
Neurofibromatosis with mandibular deformities (Rittersma, ten Kate, and Westerink), 718
New Jersey Dental School, 324 (Announcement)
Nose; impacted supernumerary tooth in floor of right naris (Hillis), 894

O

Odontomas; odontogenic tumors in mammals and fish (Gorlin), 86
Oral exfoliative study (Folsom et al.), 61
lesions as initial sign in pemphigus vulgaris (Eversole, Kenney, and Sabes), 354
showing histologic epithelial dysplasia, clinical characteristics (Mincer, Coleman, and Hopkins), 389
manifestations of hemochromatosis (Frantzis et al.), 186
of histoplasmosis (Young et al.), 191
of lipoid proteinosis (Simpson), 528
of lupoid hepatitis (Berdon and Girasole), 900
of porphyria (Gilhuus-Moe and Koppang), 926
medicine, 41, 185, 353, 527, 717, 899
mucosa, allergy in surface lesions (Rickles), 744
pathology, 55, 205, 375, 537, 743, 911
surgery, 1, 161, 325, 499, 687, 873
transactions of third International Conference, 496 (B. rev.)
tissues, reaction to suture materials (Lilly et al.), 152
ulceration—clinical aspects (Cawson), 912
ulcerative disease, lichen planus (Shklar), 376
ulcers, recurrent, immunologic aspects (Lehner), 80
vesiculobullous disorders, role of immunofluorescence in diagnosis (Hasler), 362
Orbital floor, fractures of, repair using biodegradable polylactic acid (Cutright and Hunsuck), 28
Orofacial abnormalities, minor, in Eskimo population (Jarvis and Gorlin), 417
Osteotomy, necrosis of anterior maxilla following (Parnes and Becker), 326

P

Paget's disease, complication after extractions in patient with advanced (Ripp), 35
effect of systemic diseases on human pulp (Stanley), 624
Palate, bony erosion, 302 (Roentgeno-oddities)
Pain and pressure in human pulp (Liebman), 122
roentgenographically abnormal temporomandibular joint (Clark, Mayne, and Gibilisco), 837
Panorex; comparative absorbed doses in periapical radiography (Weissman and Longhurst), 661
Parachlorophenol, camphorated; antibacterial efficacy and cytotoxicity of three endodontic drugs (Vander Wall, Dowson, and Shipman), 230

Pemphigoid, benign mucous membrane (McCarthy), 75
electron microscopy and histochemistry of pemphigus and (Hashimoto), 206
Pemphigus and mucous membrane pemphigoid; oral ulceration (Cawson), 917
and pemphigoid, electron microscopy and histochemistry (Hashimoto), 206
vulgaris, oral lesions as initial sign (Eversole, Kenney, and Sabes), 354
Periapical radiography, comparative absorbed doses. II. Panorex (Weissman and Longhurst), 661
comparison of paralleling and bisecting radiographic techniques as experienced by dental students (Mourshed and McKinney), 284
tissue and pulp of dog, reaction to two glucocorticosteroid preparations (Barker and Lockett), 249
Periodontal disease, effect on pulp (Bender and Seltzer), 458
patient, diet and, 684 (B. rev.)
surgical wounds, effect of two dressings on flora of (Heaney, Melville, and Oliver), 146
"Phantom" abscess, 1018 (Roentgeno-oddities)
Philadelphia County Dental Society, 159, 323 (Announcements)
Plastic surgery; anterior Z-plasty ridge extension (Prowler), 172
Polycarboxylate cements, new, histopathologic evaluation of effects on monkey pulps (Safer, Avery, and Cox), 966
Polylactic acid, biodegradable, use in repair of fractures of orbital floor (Cutright and Hunsuck), 28
Polymer implant, tooth replica, totally self-supporting (Hodosh, Shklar, and Povar), 1022
Porphyria, oral manifestations (Gilhuus-Moe and Koppang), 926
Premolars, mesiodistal two-rooted, 144 (Roentgeno-oddities)
Pressure and pain in human pulp (Liebman), 122
Progeria; effect of systemic diseases on human pulp (Stanley), 636
Prosthesis, silicone rubber; custom fabrication for mandibular reconstruction (Leake et al.), 879
Proteinosis, lipoid, oral manifestations (Simpson), 528
Pulp. (*See also* Conference on Biology of Human Dental Pulp)
and periapical tissue of dog, reaction to two glucocorticosteroid preparations (Barker and Lockett), 249
capping, indirect, caries profunda and, 788 (Editorial)
effect of periodontal disease (Bender and Seltzer), 458
human, effect of systemic diseases (Stanley), 606
pain and pressure in (Liebman), 122
vascular and nerve changes associated with healing of (Bernick), 983
Pulp—Cont'd
lability and repair; effect of restorative procedures (Zach), 111
metabolism; studies of acid mucopolysaccharide metabolism in connective tissues (Goggins), 824
reactions to calcium hydroxide-containing materials (Tronstad and Mjör), 961
responses of bilateral intact teeth (Chilton and Fertig), 797
to new polycarboxylate cements in monkeys, histopathologic evaluation (Safer, Avery, and Cox), 966
tissue, identification of acid mucopolysaccharides in study of, histochemical evaluation (Fullmer), 976
Pulpless teeth, immature, in monkeys, induced apical closure (Ham, Patterson, and Mitchell), 438
scar tissue associated with apices of, prior to endodontic therapy (Patterson and Hillis), 450
Pulpodontic-periodontic syndrome; effect of periodontal disease on pulp (Bender and Seltzer), 458

R

Radiation therapy, advisability of removing teeth prior to; lymphoblastic lymphosarcoma (Parks and Bottomley), 297
Radiodontics, speedy, in endodontics (Metrick), 586
Radiographic techniques, comparison of paralleling and bisecting, as experienced by dental students (Mourshed and McKinney), 284
Radiographs, reliability in determining success or failure of endodontic treatment (Goldman, Pearson, and Darzenta), 432
Radiography, periapical, comparative absorbed doses. II. Panorex (Weissman and Longhurst), 661
Radiotherapy of carcinoma developed from leukoplakia (Fuchihata and Campos), 137
Resection, vital root, on maxillary first molar (Haskell and Stanley), 92
Resorption, internal (Rabinowitch), 263
idiopathic (Mount), 801
Restorative procedures, effect on pulp lability and repair (Zach), 111
Roentgenographic investigation, mesiodistal and buccolingual, of 7,275 root canals (Pineda and Kuttler), 101
Roentgeno-oddities, 144, 302, 481, 669, 846, 1018
Root canal(s), mesiodistal and buccolingual roentgenographic investigation of 7,275 (Pineda and Kuttler), 101
sealers, new, effects on monkey pulps, histopathologic evaluation (Safer, Avery, and Cox), 242
vital, resection on maxillary first molar (Haskell and Stanley), 92

Rush-Presbyterian-St. Luke's Medical Center (Chicago), general practice dental residency, 685 (Announcement)

S

Salivary gland(s), hyperplasia, isoproterenol-induced, enzyme histochemistry (Tomich and Eversole), 857
major, obstructive and inflammatory diseases (Epker), 2
minor, involvement in sarcoidosis (Rickles), 755
Sarcoid, Boeck's (Heerfordt's syndrome); obstructive and inflammatory diseases of major salivary glands (Epker), 22
Sarcoidosis, minor salivary gland involvement (Rickles), 755
Scar tissue associated with apices of pulpless teeth prior to endodontic therapy (Patterson and Hillis), 450
Sealers, root canal, new, effects on monkey pulps, histopathologic evaluation (Safer, Avery, and Cox), 242
Sedation, outpatient, in dentistry, clinical evaluation of Innovar and Innostat (Bennett and Monheim), 688
Shell fragment, removal of large, from nasopharynx (Awty), 513
Sialadenitis, bacterial; obstructive and inflammatory diseases of major salivary glands (Epker), 13
Sialodochitis; obstructive and inflammatory diseases of major salivary glands (Epker), 16
Sialolithiasis; obstructive and inflammatory diseases of major salivary glands (Epker), 2
Sickle-cell anemia; effect of systemic diseases on human pulp (Stanley), 638
Silicone rubber prostheses; custom fabrication for mandibular reconstruction (Leake et al.), 879
Silver cones removed from endodontically treated teeth, scanning electron microscope examination (Seltzer et al.), 589
Smith, Rowe, Memorial Foundation, Inc., 324 (Announcement)
Steroid-induced myopathy and diabetes (Mason), 533
Stomatitis, allergic contact; allergy in surface lesions of oral mucosa (Rickles), 744
herpetic; oral ulceration (Cawson), 912
Streptozotocin-induced diabetes, effect on healing of artificially produced tongue wounds in rats (Abbey, Cohen, and Shklar), 672
Stress distribution by endodontic posts, analysis (Standlee et al.), 952
Sturge-Weber disease; effect of systemic diseases on human pulp (Stanley), 630
Styloid amputation, bilateral, necessitated by Eagle's syndrome (Marano, Fenster, and Gosselin), 874
process, elongation of, 481 (Roentgeno-oddities)
Supernumerary molar(s), 846 (Roentgeno-oddities)
third molar resorption with, 670 (Roentgeno-oddities)
tooth, impacted, in floor of right naris (Hillis), 894
Supraclusion, laterognathism, and facial asymmetry from condylar hyperplasia (Graziani), 884
Surgical wounds, periodontal, effect of two dressings on flora of (Heaney, Melville, and Oliver), 146
Suture materials, reaction of oral tissues (Lilly et al.), 152
Syringe-loaded gun for administration of topical and/or local anesthetic, clinical evaluation (Arefian, Henry, and Whitehurst), 168
Systemic diseases, effect on human pulp (Stanley), 606

T

Taurodontism and concomitant hypodontia in siblings (Stenvik, Zachrisson, and Svatun), 841
Teeth. (*See also* specific teeth)
bilateral intact, pulpal responses (Chilton and Fertig), 797
endodontically treated, scanning electron microscope examination of silver cones removed from (Seltzer et al.), 589
extraction, advisability prior to radiation therapy; lymphoblastic lymphosarcoma (Parks and Bottomley), 297
complications after, in patient with advanced Paget's disease (Ripp), 35
immature pulpless, in monkeys, induced apical closure (Ham, Patterson, and Mitchell), 438
impacted, in denture-bearing areas (Carl and Schaaf), 331
multiple impacted, in cleidocranial dysostosis, 669 (Roentgeno-oddities)
natal and neonatal, minor orofacial abnormalities in Eskimo population (Jarvis and Gorlin), 419
pulpless, scar tissue associated with, prior to endodontic therapy (Patterson and Hillis), 450
replica polymer implant, totally self-supporting (Hodosh, Shklar, and Povar), 1022
supernumerary, impacted, in floor of right naris (Hillis), 894
Temporomandibular arthroplasty, Teflon implantation in (Cook), 706
joint, ankylosis (El-Mofty), 650
morphology and its relationship to dentition (Taylor et al.), 1002
roentgenographically abnormal (Clark, Mayne, and Gibilisco), 836
Tissue fragments, removal from crush wounds, effect of water lavage (Grower et al.), 1031

Tongue, hydatid cyst in; abbreviated case report (Perl, Perl, and Goldberg), 579
wounds, artificially produced, in rats, effect of streptozotocin-induced diabetes on healing (Abbey, Cohen, and Shklar), 672
Torus mandibularis; minor orofacial abnormalities in Eskimo population (Jarvis and Gorlin), 421
palatinus; minor orofacial abnormalities in Eskimo population (Jarvis and Gorlin), 423
Tricalcium phosphate ceramic pellets, reaction of bone to (Cutright et al.), 850
Trismus; roentgenographically abnormal temporomandibular joint (Clark, Mayne, and Gibilisco), 837
Tuberculosis; effect of systemic diseases on human pulp (Stanley), 612
obstructive and inflammatory diseases of major salivary glands (Epker), 20
Tumors. (*See also* specific tumors)
involving dental pulp; effect of systemic diseases in human pulp (Stanley), 620
odontogenic, in mammals and fish (Gorlin), 86
jaw cysts, and allied lesions, histologic typing, 1037 (B. rev.)

U

Ulceration(s), oral—clinical aspects (Cawson), 912
recurrent aphthous, epidemiologic aspects (Ship), 400
Ulcers, recurrent oral, immunologic aspects (McCarthy), 80

V

Vascular and nerve changes associated with healing of human pulp (Bernick), 983
Vesiculobullous disorders, oral, role of immunofluorescence in diagnosis (Hasler), 362

W

Water lavage, effect on removal of tissue fragments from crush wounds (Grower et al.), 1031
World Dental Congress, fifteenth, Mexico City to host, 497 (Announcement)
Wound(s), crush, effect of water lavage on removal of tissue fragments from (Grower et al.), 1031
healing, effect of α-chymotrypsin on, in hamsters (Baum et al.), 484
of streptozotocin-induced diabetes on healing of artificially produced tongue wounds in rats (Abbey, Cohen, and Shklar), 672

X

Xeroradiography, dental prognosis for (Rawls and Owen), 476

Z

Zinc sulfate, orally administered, effect on extraction wound healing in hamsters (McCray, Higa, and Soni), 314
Z-plasty ridge extension, anterior (Prowler), 172

Subject index

A

Abbreviated case report; actinomycosis of tongue (Uhler and Dolan), 199
calcifying epithelial odontogenic cyst (Chaves, Arnaud, and Oliveira), 434
congenital epulis (Birman, Lopes, and Barbosa), 437
gingival granular-cell myoblastoma (Koppang), 98
dentigerous cysts involving the maxillary sinus (Frer, Friedman, and Jarrett), 378
foreign bodies of dental origin in esophagus (Szabó, Szabó, and Buris), 196
odontogenic fibroma (Knight and Caulfield), 381

Abscess, lateral pharyngeal, secondary to herpetic gingivostomatitis (Robinson and Jarrett), 7

Academy of Dentistry for the Handicapped, 372, 559 (Announcements)

Actinomycosis of tongue; abbreviated case report (Uhler and Dolan), 199

Adenoameloblastoma (adenoameloblastic odontoma), cystic odontoma with concomitant (Dunlap and Fritzlen), 450

Alveolar mucosa, primary reticulum-cell sarcoma (Browne), 422

Ameloblastoma, extraosseous (Wallen), 95

Amelogenesis imperfecta; surface of genetically determined hypoplastic enamel in human teeth (Sauk et al.) 60

American Academy of Oral Medicine, 855 (Announcement)

American Academy of Oral Pathology, history of; birth and growth of oral pathology (Bernier), 224

American Board of Oral Medicine, 855 (Announcement)

American Board of Oral Pathology, 176 (Announcement)

American Society for Advancement of General Anesthesia in Dentistry, 372 (Announcement)

Amyloid-containing odontogenic tumors of man (Meenaghan, Appel, and Greene), 908

Analgesia. (*See also* Electroanalgesia) oral topical, quantitative evaluation (Novak), 34

Anesthesia, incomplete, due to multiple canals in rami of mandible (Barker and Lockett), 384

Aneurysmal bone cyst of maxilla (Ellis and Walters), 26

Ankylosis, temporomandibular joint, role of condylotomy with interpositional silicone rubber (Estabrooks, Murnane, and Doku), 2

Announcements, 176, 372, 559, 712, 855, 988

Antibodies; concept of immunity in dental caries (Sims), 69

Aphthous stomatitis, possible role of Merkel cell (Wilgram), 231

Apical foramen, relationship to anatomic apex of tooth root (Burch and Hulen), 262

Artifact appearing as incomplete root canal filling on Panorex radiograph, 984 (Roentgeno-oddities)
projected, viewed on soft-tissue dental radiographs (Chomenko and Caulfield), 838

Ascher's syndrome; double lip and double lip with blepharochalasis (Barnett, Bosshardt, and Morgan), 727

Autografting; venous tissue replanted on roots of teeth in monkeys (Keller et al.), 352

B

Bacteria; inflammation and infection of pulp and periapical tissues (Naidorf), 486

Bacterial study of human periapical pathosis employing modified Gram tissue stain (Winkler, Mitchell, and Healey), 109

Bacteroides osteomyelitis of mandible (Leake), 585

Barbiturates, control of convulsions by intralingual administration of (Cutright and Nichols), 192

Biologic basis of modern endodontic practice, workshop on, 291, 486

Biology of human dental pulp, conference on, 122, 269

Bitewing instruments, clinical evaluation of two (Mourshed), 972

Bleaching tetracycline-stained teeth, practical method (Arens, Rich, and Healey), 812

Blepharochalasis, double lip and double lip with (Ascher's syndrome), (Barnett, Bosshardt, and Morgan), 727

Bone cyst, aneurysmal, of maxilla (Ellis and Walters), 26

July, pp. 1-176; August, pp. 177-372; September, pp. 373-560; October, pp. 561-712; November, pp. 713-856; December, pp. 857-1004.

Bone—Cont'd
healing, zinc and: Effect of zinc cysteamine-N-acetic acid on healing of experimentally injured guinea pig bone (Battistone et al.), 542
of zinc cysteamine-N-acetic acid on healing of extraction wounds in rats (Battistone et al.), 704
phantom; massive osteolysis (Phillips, Bush, and Hall), 886
Book reviews, 175, 987
Boston University School of Graduate Dentistry, 559, 855 (Announcements)
Buccal mucosa, leukoedema of, in Negro children and youth (Martin and Crump), 49

C

Calcium hydroxide and zinc oxide-eugenol, effect on dentine in extracted human teeth (Ripa, Guzman, and Dilzell), 531
Camphorated parachlorophenol and metacresylacetate, in vitro study of diffusibility in root canal (Wantulok and Brown), 653
Canals, multiple, in rami of mandible (Barker and Lockett), 384
Canines, congenitally missing permanent, 690 (Roentgeno-oddities)
Capillarity and vaporization effect of endodontic medicaments (Cwikla), 117
Capping of inflamed pulp (Tronstad and Mjör), 477
tooth, accidental, 986 (Roentgeno-oddities)
Carcinoma, hamster cheek pouch, effect of deep freezing (Iida and Iranpour), 844
squamous-cell, of lip, distant cutaneous metastasis in patient with (Bordin and Weitzner), 445
Cardiorespiratory effects of posture in dental outpatient (Forsyth, Allen, and Everett), 562
Caries, dental, concept of immunity in (Sims), 69
Children's Hospital of Philadelphia, 856 (Announcement)
Condromatous and osseous metaplasia caused by dentures (Cutright), 625
Chondrosarcoma of maxilla, enigmatic (Harris), 13
Condyloma acuminatum; rare oral viral disorders (Clausen), 604
Condylotomy with interpositional silicone rubber, role in temporomandibular joint ankylosis (Estabrooks, Murnane, and Doku), 2
Conference on Biology of Human Dental Pulp, 122, 269
in retrospect (Grossman), 288
Conversion reaction; hysterical trismus (Salmon, Tracy, and Hiatt), 187
Convulsions, control by intralingual administration of barbiturates (Cutright and Nichols), 192
Crohn's disease; oral extension of regional enteritis (Bottomley, Giorgini, and Julienne), 417
manifestations (Eisenbud, Katzka, and Platt), 770
Crown fracture, pulpal exposure from; traumatized tooth (Hargreaves), 504
synthesis (Natkin), 517
Cryotherapy, controlled, in treatment of inflammatory papillary hyperplasia (Getter and Perez), 178
effect of deep freezing on hamster cheek pouch carcinoma (Iida and Iranpour), 844
Cutaneous metastases, distant, in patient with squamous-cell carcinoma of lip (Bordin and Weitzner), 445
Cyst, aneurysmal bone, of maxilla (Ellis and Walters), 26
calcifying epithelial odontogenic; abbreviated case report (Chaves, Arnaud, and Oliveira), 434
dental, epithelial cell rests of Malassez and genesis of (Ten Cate) 956
dentigerous, involving maxillary sinus; abbreviated case reports (Frer, Friedman, and Jarrett), 378
midline maxillary, complicated by unerupted mesiodens (Ciola and Catena), 978
radicular, nonsurgical resolution (Bhaskar), 459
commentary on General Bhaskar's hypothesis (Bender), 469

D

Dental and oral manifestations of trisomy D syndrome (Gardner and Lim), 87
caries, concept of immunity in (Sims), 69
changes in osteopetrosis (Dick and Simpson), 408
cyst, epithelial cell rests of Malassez and genesis of (Ten Cate), 956
outpatient, cardiorespiratory effects of posture in (Forsyth, Allen, and Everett), 562
plaque reduction with antibacterial mouth rinse (Barnes et al.), 553; (Gross et al.), 850
radiographs, soft-tissue, projected artifacts viewed on (Chomenko and Caulfield), 838
radiography, conventional periapical, comparison of orthopantomography with (Ohba and Katayama), 524
radiology, 145, 329, 523, 671, 831, 971
perspective on priorities (Barr), 672
research, 165, 351, 541, 693, 843
variant of ovarian teratoma, unusual (Pullon and Child), 800

Dentin and enamel, vitality tests in anterior teeth following fracture of (Teitler et al.), 649
effect of calcium hydroxide and zinc oxide-eugenol on, in extracted human teeth (Ripa, Guzman, and Dilzell), 531
fracture; traumatized tooth (Hargreaves), 502
Dentistry, clinical evaluation of fentanyl for outpatient sedation in (Bennett), 880
"future shock" in (Guest editorial) (McIntosh), 251
Dentures, ill-fitting, as cause of osseous and chondromatous metaplasia (Cutright), 625
Diet and salivary gland enlargement (Buchner and Sreebny), 213 Diphenylhydantoin gingival hyperplasia (Angelopoulos and Goaz), 898
Dycal therapy for pulp exposures (Stanley and Lundy), 818

E

Electroanalgesia, regional, and its potentialities in control of orofacial pain (Fields, Savara, and Tacke), 694
Enamel and dentin, vitality tests in anterior teeth following fracture of (Teitler et al.), 649
hypoplastic, genetically determined, in human teeth, surface of (Sauk et al.), 60
Endocrine mechanism of salivary gland enlargement (Buchner and Sreebny), 215
Endodontic medicaments, vaporization and capillarity effect (Cwikla), 117
-pedodontic practices—synthesis (Torneck), 310
-periodontic relationships (Stallard), 314
synthesis (Chilton), 327
practice, modern, workshop on biologic basis of, 291, 486
teaching manpower report (Beveridge), 965
therapy, conservative; nonsurgical resolution of radicular cysts (Bhaskar), 458
commentary on General Bhaskar's hypothesis (Bender), 469
Endodontics, 101, 249, 457, 641, 811, 943
laser use in (Weichman, Johnson, and Nitta), 828
Enteritis, regional (Crohn's disease), oral extension (Bottomley, Giorgini, and Julienne), 417
Enzymes, proteolytic, as cause of salivary gland enlargement (Buchner and Sreebny), 213
Epidermal nevus syndrome (Kelley, Hibbard, and Giansanti), 774
Epithelial cell rests of Malassez and genesis of dental cyst (Ten Cate) 956
hyperplasia, focal; rare oral viral disorders (Clausen), 604
Epulis, congenital; abbreviated case report (Birman, Lopes, and Barbosa), 437
Erosions, oral mucosal (Sibulkin and Cohen), 202
Esophagus, foreign bodies of dental origin in; abbreviated case report (Szabó, Szabó, and Buris), 196
Extraction wounds, healing of, in rats; zinc and bone healing (Battistone et al.), 704

F

Fainting; evaluation of cardiorespiratory effects of posture in the dental outpatient (Forsyth, Allen, and Everett), 562
Fasciitis, intraoral (submucosal) pseudosarcomatous nodular (Lumerman, Bodner, and Zambito), 239
Fentanyl for outpatient sedation in dentistry, clinical evaluation (Bennett), 880
Fibroma, odontogenic; abbreviated case report (Knight and Caulfield), 381
papilliferous ameloblastic (Christ, Cavalaris, and Crocker), 806
Foreign bodies of dental origin in esophagus; abbreviated case report (Szabó, Szabó, and Buris), 196
Fracture. (*See also* Bone, Crown, Dentin, Root)
fixation, use of wire sutures (Mooney, Cardo, and Stratigos), 21
midfacial, management (Albright and McFarland), 858
of enamel and dentine, vitality tests in anterior teeth following (Teitler et al.), 649
Freezing. (*See* Cryotherapy)
Fusion and oligodontia, 691 (Roentgeno-oddities)
bilateral, of teeth, 348 (Roentgeno-oddities)
"Future shock" in dentistry (Guest editorial) (McIntosh), 251

G

Gingival hyperplasia, diphenylhydantoin (Angelopoulos and Goaz), 898
lesions, tuberous sclerosis with (Mackler, Shoulars, and Burkes), 619
Gingivitis, desquamative; oral mucosal erosions (Sibulkin and Cohen), 202
Wegener's granulomatosis presenting as (Scott and Finch), 920
Gingivostomatitis, herpetic, lateral pharyngeal abscess secondary to (Robinson and Jarrett), 7
Granular-cell myoblastoma, congenital gingival (Koppang), 98
Granulomas, periapical; bacterial study of human periapical pathosis employing modified Gram tissue stain (Winkler, Mitchell, and Healey), 109

Granulomatosis, Wegener's, presenting as gingivitis (Scott and Finch), 920

H

Herpetic gingivostomatitis, lateral pharyngeal abscess secondary to (Robinson and Jarrett), 7
Hydrex and its effect on pulp (Hirschfeld, Sela, and Ulmansky), 364
Hyperplasia, diphenylhydantoin gingival (Angelopoulos and Goaz), 898
focal epithelial; rare oral viral disorders (Clausen), 604
inflammatory papillary, controlled cryotherapy in treatment of (Getter and Perez), 178
Hypoplastic enamel, genetically determined, in human teeth, surface of (Sauk et al.), 60
Hysterical trismus (conversion reaction) (Salmon, Tracy, and Hiatt), 187

I

Ileitis, regional; oral manifestations in Crohn's disease (Eisenbud, Katzka, and Platt), 770
Immunity in dental caries, concept of (Sims), 69
Incisor amputation as cause of salivary gland enlargement (Buchner and Sreebny), 212
two-rooted maxillary lateral, 349 (Roentgeno-oddities)
Infection and inflammation of pulp and periapical tissue (Naidorf), 486
synthesis (Nygaard-Östby and Schilder), 498
severe oral, associated with prolonged steroid therapy (Moskow, Crikelair, and Wheaton), 590
Inflammation. (*See* Infection and inflammation)
International Congress on Dentistry for Handicapped, second, 855 (Announcement)
Isoproterenol, role in enlargement of salivary glands (Buchner and Sreebny), 210

J

Jaw, extradural metastasis of medulloblastoma (Eversole et al.), 634
muscle activities; masticatory functions in patients with surgical mandibular reconstruction (Endo), 390

K

Kells, C. Edmund (Langland and Fortier), 680
Keratoacanthoma, localized; rare oral viral disorders (Clausen), 604

L

Laser use in endodontics (Weichman, Johnson, and Nitta), 828
Leukoedema of buccal mucosa in Negro children and youth (Martin and Crump), 49
Leukoplakia, oral, in relation to tobacco habits (Mehta et al.), 426
Lingual thyroid and lingual thyroglossal tract remnants (Baughman), 781
Lip, double, and double lip with blepharochalasis (Ascher's syndrome) (Barnett, Bosshardt, and Morgan), 727
squamous-cell carcinoma of, distant cutaneous metastases in patient with (Bordin and Weitzner), 445
Lipid components of human dental periapical lesions (Bozzo, Valdrighi, and Vizioli), 166
"Lowering of floor of mouth"; healing of mylohyoid musculature after vestibuloplasty involving lingual side of mandible (Courage and Huebsch), 581

M

Malodor, oral, role of microorganisms in production (McNamara, Alexander, and Lee), 41
Mandible, bacteroides osteomyelitis of (Leake), 585
multiple canals in rami (Barker and Lockett), 384
Mandibular reconstruction, surgical masticatory functions in patients with (Endo), 390
Mast cells, incidence in selected oral lesions (Jandinski, Sonis, and Doku), 245
Masticatory functions in patients with surgical mandibular reconstruction (Endo), 390
Maxilla, aneurysmal bone cyst (Ellis and Walters), 26
enigmatic chondrosarcoma of (Harris), 13
Maxillary sinus, dentigerous cysts involving; abbreviated case reports (Frer, Friedman, and Jarrett), 378
Medulloblastoma: Extradural metastasis to jaw (Eversole et al.), 634
Merkel cell, possible role in aphthous stomatitis (Wilgram), 231
Mesiodens, unerupted, midline maxillary cyst complicated by (Ciola and Catena), 978
Metacresylacetate and camphorated parachlorophenol, in vitro study of diffusibility in root canal (Wantulok and Brown), 653
Metaplasia, osseous and chondromatous, caused by dentures (Cutright), 625
Micoorganisms, role in production of oral malodor (McNamara, Alexander, and Lee), 41

Midfacial fractures, management (Albright and McFarland), 858
Moisture content of vital and pulpless teeth, determination of (Helfer, Melnick, and Schilder), 661
Molar, third, unusual morphology, 842 (Roentgeno-oddities)
Molluscum contagiosum; rare oral viral disorders (Clausen), 604
Mouth rinse, antibacterial, dental plaque reduction with (Barnes et al.), 553; (Gross et al.), 850
Mouthwash, phenol-based, in relief of pain; quantitative evaluation of oral topical analgesia (Novak), 34
"Mummification" technique of pulp therapy (Berger), 131
Muscles, jaw; masticatory functions in patients with surgical mandibular reconstruction (Endo), 390
Mylohyoid musculature, healing after vestibuloplasty involving lingual side of mandible ("lowering of floor of mouth") (Courage and Huebsch), 581
Myoblastoma, congenital gingival granular-cell (Koppang), 98

N

Nasopalatine duct, palatal opening of: developmental anomaly (Buchner and Mlinek), 440
Negro children and youth, leukoedema of buccal mucosa in (Martin and Crump), 49
Neural mechanism of salivary gland enlargement (Buchner and Sreebny), 210
Neuralgia, trigeminal (Cherrick), 714
Nevus, epidermal, syndrome (Kelley, Hibbard, and Ginnsanti), 774
New York Institute of Clinical Oral Pathology, Inc., 372 (Announcement)

O

Odontodysplasia (Hintz and Peters), 744; 841 (Roentgeno-oddities)
Odontogenesis, continued evaluation of effects of sclerosing agent on (Tolman and Mehlisch), 172
Odontoma, adenoameloblastic (adenoameloblastoma), cystic odontoma with concomitant (Dunlap and Fritzlen), 450
Oligodontia and fusion, 691 (Roentgeno-oddities)
Oral and dental manifestations of trisomy D syndrome (Gardner and Lim), 87
  extension of regional enteritis (Crohn's disease) (Bottomley, Giorgini, and Julienne), 417
  infection, severe, associated with prolonged steroid therapy (Moskow, Crikelair, and Wheaton), 590
  lesions, incidence of mast cells in selected (Jandinski, Sonis, and Doku), 245
Oral—Cont'd
  leukoplakia in relation to tobacco habits (Mehta et al.), 426
  malodor, role of microorganisms in production (McNamara, Alexander, and Lee), 41
  medicine, 33, 201, 407, 589, 743, 897
  mucosal erosions (Sibulkin and Cohen), 202
  pathology, 59, 223, 421, 603, 769, 907
    birth and growth of (Bernier), 224
  surgery, 1, 177, 377, 561, 713, 857
    educational conference, 712 (Announcement)
  viral disorders, rare (molluscum contagiosum, localized keratoacanthoma, verrucae, condyloma acuminatum, and focal epithelial hyperplasia) (Clausen), 604
Orofacial pain, regional electroanalgesia and its potentialities in control of (Fields, Savara, and Tacke), 694
Orthopantomography, comparison with conventional periapical dental radiography (Ohba and Katayama), 524
Osler's disease; hereditary hemorrhagic telangiectasia (Hashimoto and Pritzker), 751
Osseous and chondromatous metaplasia caused by dentures (Cutright), 625
Osteolysis, massive (phantom bone, disappearing bone) (Phillips, Bush, and Hall), 886
Osteomyelitis, bacteroides, of mandible (Leake), 585
  complication of pulpless teeth (Roane and Marshall), 257
Osteopetrosis, dental changes (Dick and Simpson), 408
Ovarian teratoma, unusual dental variant (Pullon and Child), 800

P

Pain, orofacial, regional electroanalgesia and its potentialities in control of (Fields, Savara, and Tacke), 694
  related to oral and dental disease; quantitative evaluation of oral topical analgesia (Novak), 34
Pantomography today (Manson-Hing), 832
Papillary hyperplasia, inflammatory, controlled cryotherapy in treatment of (Getter and Perez), 178
Parachlorophenol, camphorated, and metacresylacetate, in vitro study of diffusibility in root canal (Wantulok and Brown), 653
Pathology. (*See also* Oral pathology)
  of dental hard tissues, 175 (B. rev.)
Pedodontic-endodontic practices—synthesis (Torneck), 310
Pedodontics, pulp therapy in (Frankl), 293
Periapical lesions, human dental, lipid components (Bozzo, Valdrighi, and Vizioli), 166

Periapical—Cont'd
pathosis, human, bacterial study employing modified Gram tissue stain (Winkler, Mitchell, and Healey), 109
tissues, inflammation and infection of pulp and (Naidorf), 486
synthesis (Nygaard-Östby and Schilder), 498
Periodontic-endodontic relationships (Stallard), 314
synthesis (Chilton), 327
Personality and temporomandibular joint dysfunction (Rothwell), 734
Phantom, "Mix D"; determination and analysis of absorbed doses resulting from various intraoral radiographic techniques (Greer), 146
Pharyngeal abscess, lateral, secondary to herpetic gingivostomatitis (Robinson and Jarrett), 7
Phenol mouthwash for relief of pain; quantitative evaluation of oral topical analgesia (Novak), 34
Plaque, dental, reduction with antibacterial mouth rinse (Barnes et al.), 553; (Gross et al.), 850
Posture, cardiorespiratory effects in dental outpatient (Forsyth, Allen, and Everett), 562
Premolar, second, late development, 350 (Roentgeno-oddities)
Pseudosarcomatous nodular fasciitis, intraoral (submucosal) (Lumerman, Bodner, and Zambito), 239
Pulp. (*See also* Conference on Biology of Human Dental Pulp)
and periapical tissues, inflammation and infection (Naidorf), 486
synthesis (Nygaard-Östby and Schilder), 498
exposures, Dycal therapy (Stanley and Lundy), 818
from crown fracture; traumatized tooth (Hargreaves), 504
synthesis (Natkin), 517
human, therapy conducive to healing of (Massler), 122
Hydrex and its effect on (Hirschfeld, Sela, and Ulmansky), 364
inflamed, capping of (Tronstad and Mjör), 477
necrotic, in teeth with incomplete apical development; traumatized tooth: synthesis (Natkin), 518
pathosis, classification (Seltzer), 269
comparison of management in deciduous and permanent teeth (Berk and Krakow), 944
reactions to root fractures; traumatized tooth (Hargreaves), 507
responses to trauma; traumatized tooth: synthesis (Natkin), 516
therapy in pedodontics (Frankl), 293
review of erroneously labeled (Berger), 131
Pulp—Cont'd
vitality testing; traumatized tooth (Hargreaves), 508
synthesis (Natkin), 521
Pulpitis, experimentally induced (Mjör and Tronstad), 102

R

Radiation quality, display quotient and display number for radiographic evaluation of films and (Spangenberg and Pool), 335
Radiograph, Panorex, thread appearing as incomplete root canal filling 984 (Roentgeno-oddities)
Radiographic techniques, various intraoral, determination and analysis of absorbed doses resulting from (Greer), 146
Radiography, dental, conventional periapical, comparison of orthopantomography with (Ohba and Katayama), 524
Radiology. (*See* Dental radiology)
Radiopaque particles within x-ray cone; projected artifacts viewed on soft-tissue dental radiographs (Chomenko and Caulfield), 838
Replantation. (*See* Tooth replantation)
Rhinolith, unusual, 163 (Roentgeno-oddities)
Roentgeno-oddities, 163, 348, 538, 690, 841, 984
Root canal, diffusibility of camphorated pharachlorophenol and metacresylacetate in (Wantulok and Brown), 653
prepared, morphology of (Davis, Brayton, and Goldman), 642
use of laser in sealing orifice (Weichman, Johnson, and Nitta), 828
formation, diminished (Leonard), 205
fractures, pulpal reactions to; traumatized tooth (Hargreaves), 507
of teeth, venous tissues replanted on, in monkeys (Keller et al.), 352
resorption of reimplanted tooth, 538 (Roentgeno-oddities)
tooth, relationship of apical foramen to anatomic apex of (Burch and Hulen), 262

S

Salivary glands, enlargement of (Buchner and Sreebny), 209
Sarcoma. (*See also* Chondrosarcoma)
primary reticulum-cell, of alveolar mucosa (Browne), 422
Sclerosing agent, effects on odontogenesis, continued evaluation (Tolman and Mehlisch), 172
Sclerosis, tuberous, with gingival lesions (Mackler, Shoulars, and Burkes), 619
Sedation, outpatient, in dentistry, clinical evaluation of fentanyl (Bennett), 880

Silicone, injectable, in study of morphology of prepared root canal (Davis, Brayton, and Goldman), 642
rubber, interpositional, condylotomy with, role in temporomandibular joint ankylosis (Estabrooks, Murnane, and Doku), 2
Sinus, maxillary, dentigerous cysts involving; abbreviated case reports (Frer, Friedman, and Jarrett), 378
Skin graft, intraoral, occurrence of verruca vulgaris on (Hertz), 934
Sodium tetradecyl sulfate; continued evaluation of effects of sclerosing agent on odontogenesis (Tolman and Mehlisch), 172
Steroid therapy; severe oral infection associated with (Moskow, Crikelair, and Wheaton), 590
Stomatitis, aphthous, possible role of Merkel cell (Wilgram), 231
Surgical mandibular reconstruction, masticatory functions in patients with (Endo), 390
Sutures, wire, use for fracture fixation (Mooney, Cardo, and Stratigos), 21

T

Taurodontism, 691 (Roentgeno-oddities)
Teeth. (*See also* specific teeth)
anterior, vitality tests following fracture of enamel and dentin (Teitler et al.), 649
bilateral fusion, 348 (Roentgeno-oddities)
deciduous and permanent, comparison of management of pulpal pathosis in (Berk and Krakow), 944
extracted human, effect of calcium hydroxide and zinc oxide-eugenol on dentine in (Ripa, Guzman, and Dilzell), 531
human, surface of genetically determined hypoplastic enamel in (Sauk et al.), 60
late development of second premolar, 350 (Roentgeno-oddities)
permanent; diminished root formation (Leonard), 205
pulpless, osteomyelitis as complication (Roane and Marshall), 257
tetracycline-stained, practical method of bleaching (Arens, Rich, and Healey), 812
two-rooted maxillary lateral incisor, 349 (Roentgeno-oddities)
vital and pulpless, determination of moisture content (Helfer, Melnick, and Schilder), 661
Telangiectasia, hereditary hemorrhagic (Hashimoto and Pritzker), 751
Temple University, 988 (Announcement)
Temporomandibular joint ankylosis, role of condylotomy with interpositional silicone rubber (Estabrooks, Murnane, and Doku), 2
Temporomandibular—Cont'd
dysfunction, personality and (Rothwell), 734
Teratoma, ovarian, unusual dental variant (Pullon and Child), 800
Tetracycline-stained teeth, practical method of bleaching (Arens, Rich, and Healey), 812
Theophylline and salivary gland enlargement (Buchner and Sreebny), 214
Therapy conducive to healing of human pulp (Massler), 122
pulp, review of erroneously labeled "mummification" techniques (Massler), 131
Thoma, Kurt Hermann, 373 (Editorial); 374 (In memoriam)
Thyroid, lingual, and lingual thyroglossal tract remnants (Baughman), 781
Tobacco habits, oral leukoplakia in relation to (Mehta et al.), 426
Tongue, actinomycosis of; abbreviated case report (Uhler and Dolan), 199
tooth under, 539 (Roentgeno-oddities)
Tooth capping, accidental, 986 (Roentgeno-oddities)
reimplanted, root resorption, 538 (Roentgeno-oddities)
replantation; traumatized tooth (Hargreaves), 510
synthesis (Natkin), 519
root, relationship of apical foramen to anatomic apex of (Burch and Hulen), 262
traumatized (Hargreaves), 502
synthesis (Natkin), 516
under tongue, 539 (Roentgeno-oddities)
Trigeminal neuralgia (Cherrick), 714
Trismus, hysterical (conversion reaction) (Salmon, Tracy, and Hiatt), 187
Trisomy D syndrome, oral and dental manifestations (Gardner and Lim), 87
Tuberous sclerosis with gingival lesions (Mackler, Shoulars, and Burkes), 619
Tumors. (*See also* specific tumors)
amyloid-containing odontogenic, of man (Meenaghan, Appel, and Greene), 908
oral and oropharyngeal, histologic typing, 987 (B. rev.)

V

Vaporization and capillarity effect of endodontic medicaments (Cwikla), 117
Venous tissue replanted on roots of teeth in monkeys (Keller et al.), 352
Verruca vulgaris, occurrence on intraoral skin graft (Hertz), 934
Vestibuloplasty involving lingual side of mandible ("lowering of floor of mouth"), healing of mylohyoid musculature following (Courage and Huebsch), 581

Viral disorders, rare oral (molluscum contagiosum, localized keratoacanthoma, verrucae, condyloma acuminatum, and focal epithelial hyperplasia) (Clausen), 604
Virginia Commonwealth University, 560 (Announcement)
Vitality tests in anterior teeth following fracture of enamel and dentin (Teitler et al.), 649
Vitamin A deficiency and salivary gland enlargement (Buchner and Sreebny), 215

W

Wegener's granulomatosis presenting as gingivitis (Scott and Finch), 920
Wire sutures, use for fracture fixation (Mooney, Cardo, and Stratigos), 21
Worcester City Hospital; seventh annual dental conference, 712 (Announcement)
Workshop on Biologic Basis of Modern Endodontic Practice, 291, 486

X

X-ray equipment; clinical comparison of two bitewing instruments (Mourshed), 972
films; display quotient and display number for radiographic evaluation of films and radiation quality (Spangenberg and Pool), 335
X-rays, "visibility" of (Reid), 330

Z

Zinc and bone healing: Effect of zinc cysteamine-N-acetic acid on healing of experimentally injured guinea pig bone (Battistone et al.), 542
of extraction wounds in rats (Battistone et al.), 704
oxide-eugenol, effect of calcium hydroxide and, on dentine in extracted human teeth (Ripa, Guzman, and Dilzell), 531

Editorials

Dr. Kurt Hermann Thoma, 373
"Future shock" in dentistry (McIntosh), 251
